Case No. 1:05-CV-2337 (RWR)

**PLAINTIFF’S UNOPPOSED MOTION FOR A PRELIMINARY INJUNCTION
BARRING HIS EXECUTION**

The lethal injection protocol employed by the defendants violates the United States Constitution and other statutory provisions including but not limited to the Fifth and Eighth Amendments of the United States Constitution, and the Administrative Procedures Act, 5 U.S.C. §§ 551 et seq. Plaintiff Bruce Webster, a death row inmate, requests that this Court enjoin defendants from executing him until the Court has reviewed the legality and constitutionality of the Defendants’ lethal injection protocol. The grounds for this Motion are fully set forth in the accompanying Memorandum of Points and Authorities. Counsel for Webster has conferred with counsel for the defendants, and counsel for the defendants have represented that they do not oppose this motion for a preliminary injunction.
