I am in full support of the creation of a new 32nd judicial district consisting of Hickman, Lewis, and Perry counties. I have been contacted by numerous community leaders from these three counties who are also in full support of this change. I appreciate all of the work and input of those who have been a part of the Judicial District Advisory Task Force efforts. I sincerely hope that the task force takes into account and acts upon the valid reasons these local county leaders' have given for needing a 32nd judicial district consisting of Hickman, Lewis, and Perry counties.

Kirk Haston  
Dis.72 State Representative
