Please add your comment here if 100 words or less. For lengthier comments see below.: The impact of pushing a straining legal system to breaking is devastating. This would eliminate valuable court and legal positions in our area. Voting for qualified people in and from our area would be postponed for 60+ years. I'm new in Tennessee, but this gives the appearance that lady justice is not blind but has a hand on the political scale, tipping it in some way. I would hope and pray that our Justice system is blind to politics. Henry County by virtue of population, demographic position in the State, tourism and waterways, and growing population does not need to be pushed to the 27th Judicial district.
